🔗 [Parthiv Portfolio](#)

Profile

Aspiring Assistant Software Engineer with a strong foundation in Python and hands-on experience in HTML and SQL. Currently undergoing a 120-day intensive Full-Stack Development program with a focus on backend technologies. Passionate about solving real-world problems and building scalable, efficient applications while continuously learning and contributing to dynamic development teams.

Professional Experience

Codegnan IT Solutions

02/2025 – present

Python Full-Stack Trainee

Vijayawada, India

- Enrolled in a 120-day full-stack development challenge, covering 5+ technologies (HTML, CSS, JavaScript, MySQL, Flask) through structured learning.
- Completed 50+ coding exercises, focusing on backend development with Python and Flask to strengthen problem-solving skills.
- Built foundational full-stack applications, implementing core functionalities like user authentication and CRUD operations.
- Practicing real-world development scenarios, debugging 100+ lines of code daily to improve efficiency and code quality.

Projects

Detecting Fake Content Using Deep Learning

09/2024

Tech used : Python, Django, CNN, Random Forest, HTML, CSS

- Developed a deep learning model that achieved 95.17% accuracy in detecting AI-generated content, improving detection efficiency.
- Processed 10,000+ text samples using tokenization & TF-IDF vectorization for feature extraction.
- Built a Django-based web interface, enhancing accessibility and usability for real-time content verification.

IoT-Based Irrigation Monitoring & Control System

11/2023

Tech used : Arduino Uno, Soil Moisture Sensor, Python, Arduino IDE

- Reduced water usage by 30% through an automated irrigation system that adjusts based on real-time soil moisture levels.
- Integrated IoT sensors & a water pump, optimizing water distribution for improved crop health.
- Implemented remote monitoring & control, increasing efficiency and reducing manual intervention.

Skills

Python

SQL

Web & Backend

Flask, HTML, CSS, JavaScript, MySQL

Development Environments

PyCharm, Jupyter Notebook, VS Code

Frameworks & Libraries

TensorFlow, Keras, PyTorch, Scikit-Learn

Tools

MS Excel, MS Word, MS PowerPoint

Education

VIT-AP University, Amaravati

08/2021 – 06/2025

Bachelor of Technology - CSE with Specialization in AI and ML

Amaravathi

CGPA: 8.31

Sree Chaitanya Jr College

06/2021

Board of Intermediate Education

CGPA: 9.3

Dr. KKR's Gowtham High School

05/2019

Board of Secondary Education

Gudivada

GPA: 9.3

Certificates

- The Complete Python boot - camp (Udemy) [↗](#)
- Machine Learning Specialist Associate (IBM SkillsBuild) [↗](#)
- Artificial Intelligence Fundamentals (IBM SkillsBuild) [↗](#)
- British Airways's Data Science on Forage [↗](#)
